

LANDSCAPE PLANNER

AGENCY/DEPARTMENT:
Development/Public Facilities

Approved By HR Director: *Sandra Matthe*
Date Approved: 12/6/06
Date of Last Revision: 10/2/1995

Reports to: Senior Landscape Planner
Supervises: N/A

JOB SUMMARY: Under general supervision, reviews landscape development plans; plan checks landscape construction plans; inspects landscape improvement projects; and performs other related work as necessary.

DISTINGUISHING CHARACTERISTICS: This class performs journey level landscape plan review and inspection work. It is distinguished from the Senior Landscape Planner by the latter's responsibility for the full range of difficult and complex landscape planning, including project management, advanced plans design, and supervision over the Landscape Planner class.

EXAMPLES OF ESSENTIAL FUNCTIONS:

1. Reviews development plans for compliance with the City's landscape policies and regulations.
2. Performs construction landscape plan checks.
3. Performs field inspection of landscape improvement sites.
4. Confers with and advises landscape architects, developers, engineers, contractors and the general public regarding landscape planning matters; provides information and technical assistance regarding City landscape development requirements.
5. Participates in the development of design standards and requirements; ensures functional use, aesthetic, and safety considerations are met.
6. Assists in the monitoring and assessment of changes and requirements of City parks.
7. Assists in the preparation of construction plans, specifications, and cost estimates for landscape projects, irrigation systems, recreation facilities, and structures; prepares preliminary project sketches.
8. Participates in the development and implementation of the landscape planning policies; reviews and evaluates landscape planning services, methods, and procedures.
9. Assists in the preparation of a variety of technical documents including Requests for Proposals, grant applications, construction specifications.
10. Prepares and reviews reports for City administration, commissions, and City Council.
11. Assists in the compilation of a variety of landscape planning project data.
