

**THIS PERMIT IS ISSUED AND ACCEPTED  
SUBJECT TO THE FOLLOWING PROVISIONS**

- 01) City of Ontario assumes no duty and makes no representation regarding the route selected or as to the safety on any proposed route. It is the duty of all permit applicants to insure that the proposed route will be of adequate height and width and safe for the needs of the oversize load permit applicant.
- 02) Applicant shall save, keep and hold harmless to the city of Ontario, its officers or agents from all damages, costs or expenses in law or equity that may at any time arise or be set up because of or in the course of performing work authorized by this permit which may be occasioned by any act or omission of the permittee.
- 03) **Daily Permit** shall be valid for a maximum of (3) consecutive calendar days not to include Saturday, Sunday.
- 04) **Annual Permits** shall be valid from the applicant's effective date of insurance to the expiration date not to exceed three hundred and sixty-five (365) consecutive calendar days, provided each of said oversize loads does not exceed fourteen (14) feet in width, fifteen (15) feet in height, and one hindered (100) tons in gross weight and conforms to the weight, axle number and wheel loading requirements of the State as provided in the State Vehicle Code, Section 35550 and 35551. The city engineer or his representative may, at the time of issuance of said permit, reduce the gross weight limitations stated herein, provided the specifically designated city truck routes to be used in moving said oversize loads would, in his opinion, be materially damaged.
- 05) All permits issued shall be of original nature with no items being crossed out or changed.
- 06) Permit is not valid for moves on Saturday, Sunday or holidays without authorization from City's Transportation Engineer.
- 07) Permit is only valid for on designated truck routes with exception to site, and/ or delivery within city limits. These routes must be reviewed by the City's Traffic Engineer.
