

## **7 AMENDMENT PROCESS**

It is the intent of the Entratter Specific Plan to be presented in such a way that development will not need to amend the Specific Plan. However, future events may result in the need to revise or amend this document. For example, an issue may be uncovered that either is not discussed within the Specific Plan or does not conform with the provisions of the Plan as it is written.

When the need to revise or amend a specific plan arises, applicants may, under the provisions of California Government Code Section 65453 (a), apply for an amendment. Applications to amend the Entratter Specific Plan must be filed with the City of Ontario. The approval process for a specific plan amendment is as follows:
